“ Oh, Lori....there are no words to describe how shocked and saddened I am to discover this news. I wish you knew how often I searched for you over the years and that I never forgot about you! When we ran into each other several years ago at Walmart in Niles, I thought about you so much after that. I hated that we didn't exchange numbers and I looked for you so often over the years hoping that we could reconnect. There I was, deep searching for you again this weekend and came upon this. I'm beyond heartbroken and have not been able to stop thinking about you. We were so close back in the day. When I think of you, I think of us babysitting Lee pretty much every weekend back when Debbie (and Aunt Jean) lived on Austin and all our shenanigans! Then, all the fun we had when we moved to Montrose & Western. You were always there! I still think of you every time I drive past your house on Marmora or when I order from Pete's!! I'm still in the area after all these years and the memories are always there. We had so much fun together and you will forever hold a special place in my heart. I will never forget you, friend.
Love, Teresa

“ Roger, Haley and family...please let me know if you need anything. I'm sorry for your loss. Oh Lori, I hope you're at peace now. It saddens me that we drifted apart. Life flew by. I regret not seeing so many of my friends, especially you. You fought so hard! I was so upset when I saw you in the nursing home. I wanted to take some of it from you! Now you rest. I will never forget all the good times! I'm so sorry you suffered and a lot of us weren't there. I know I'm not alone and think I speak for many. I hope you're singing, dancing, and smiling with Donna. Fyi, flowers remind me of you. I loved helping you plant them in your yard years ago. We had fun! The years we spent at the Marmora house too. Our days with Fran O. Man, we had fun. You were the main staple for the Dietrich clan. I'm proud of you. So for now its not goodbye... See you later! Love you

“ Hey Lori - was going through my photo albums last night and between the tears I had to crack up at some of the crazy stuff we did over the years. Our last minute girls trip to Chetek to check up on our boyfriends, the nights I would crawl out the bathroom window so we could go to the bar, and driving the wrong way on an off ramp my first time ever driving downtown! I remember dancing to the Go Go's "We Got The Beat" and singing our lungs out to "Paradise By The Dashboard Lights" and "Hey Jude" - you finally married my brother 10 years after I married yours and I am so glad you did. He has taken such good care of you over the years and he kept his vows, in sickness and in health, for better or for worse. You were so beautiful - inside and out and had the biggest heart out of anyone I have ever known. You are the only one in this world that could have made me run that first marathon and I will treasure it for the rest of my life. I am going to miss you but I know you will be partying up a storm with everyone in heaven. Give my dad and sister hugs and kisses - until we meet again my friend!! xoxox
