“ Dear Moni, it's been a year since you left us. I still find myself thinking “I've got to share this with Moni,” and the terrible realization hits home-you're not here with us anymore. I think of you often, and pray for you and your parents, too. I know that you're still around all of those who loved you, and so wonderfully loved back. I asked Gary Jr. to find you, and I'm hoping you're both riding around in his Mustang. We won't ever forget you. See you on the other side....

“ Dear Ramona, I am going to miss you so much. You were my friend, my shero, & my doctor for over 30 years. I can't believe you are gone.

“ Ramona was a brilliant and gifted physician and incredibly compassionate human being. She was my doctor for over twenty-five years. About twelve years ago, I underwent surgery that kept me home bound for several days. Ramona stayed in touch, calling to make sure that all was well and to ask if there was anything I needed. She was a beautiful gem and I am blessed to have known her.

“ Dr Slupik was my doctor since 1986 and went out of her way to be helpful and supportive on numerous occasions. I have Asperger's and borderline personality, both of which have terrible stigma, and Dr Slupik was always very respectful and friendly. There were times when I had a crisis when my psychiatrist was out of town, and she spent a lot of time on the phone talking me through problems instead of telling me to go to the ER which would have made a bad situation worse. When one of my cats died suddenly from a stroke she was very sympathetic and spent a lot of time on the phone. This news is a terrible shock as I'm sure it is for her other patients and friends.

“ I knew Ramona when we were children in grammar school. She was a ray of sunshine in Jefferson Park, Il and going over to her house was always fun! I will always remember her beautiful red hair, her easy smile and her kind intelligence. I send sympathies to her living family and friends. - Lynn (Sloma) Hurley

“ Ramona Slupik was my doctor for over 25 years. She was caring, competent and I always knew I was in excellent hands. Last year, when I was diagnosed with a non-gynecological cancer, she called me at least once a week for several months. She would check in to see how I was doing, to make sure I was taking my multivitamins and also assure me that I would make it through this, She was right and wonderful and a rock of support for me when I needed it. I'm sure I am not the only patient with such a story.

My heart breaks for her family and friends and for all the patients like me who had come to rely on her as so much more than a gynecologist.

May she rest in peace and may her memory be for a blessing.

With much love and gratitude,

“ Ramona has been a dear friend since 1977 when we were medical students together and then residency at U of I. We saw each other at least every year since I moved to Florida. When my husband was stricken with cancer, she spontaneously offered to come down and care for him so I could attend a long planned conference. She send Unos pizzas and gourmet Mac and cheese. When my oldest daughter got married she had a case of champagne delivered to keep the party going. She was that type of generous spirit. I was in Chicago in September and was grateful we had time together. Since all services in the middle of week I can't get office and in house responsibilities rearranged, but she is in my heart always.

“ Dear Ramona - You were a brilliant light who burned out way too quickly. You embodied great strength, a brilliant mind, and a renegade spirit which captivated everyone when they met you. Thank you so much for being there with me and Roger when you delivered Julian into the world. We wouldn't have wanted anyone else but you. You can finally find peace. I am sure we will meet again. Loving you, Annette

“ Dearest Ramona, I can't believe that you are gone from our lives. I had the pleasure of knowing you since 1979. We became fast friends while working together at the University of Illinois hospital. I remember thinking that you had it all-beauty, a brilliant mind, a wonderful sense of fun, and humor. You came to my wedding, and delivered Gary Jr., and then Elliot. When Gary Jr. left us way too soon, you were right at our side. Thank you for being a loving and caring godmother to Elliot. We are grateful for the sage advice you've given him over the years. Please continue and whisper in his ear. There's a huge gaping hole in our hearts. No one can take your place. Moni, thank you for your love, your friendship and for bringing me to Northwestern. But most of all, thank you for being the beautiful, wonderful you. Keep watch over us. I love you. See you on the other side....

“ Dr. Ramona Slupik was a beautiful person with a kind spirit. I had the pleasure of working with her for two years and she was adored by many patients. She has taught me so many valuable virtues that I will carry with me. I will miss her dearly.
